

SIMON KENTON HIGH SCHOOL

Education, as we understand it today, connotes all those processes cultivated by a given society as a means for the realization in the individual of the ideals of the community as a whole. Education may be either mainly esthetic, ethical, intellectual, physical, or technical, but it must invoke and develop all these sides of human capacity.

MISS JUANITA TRUITT

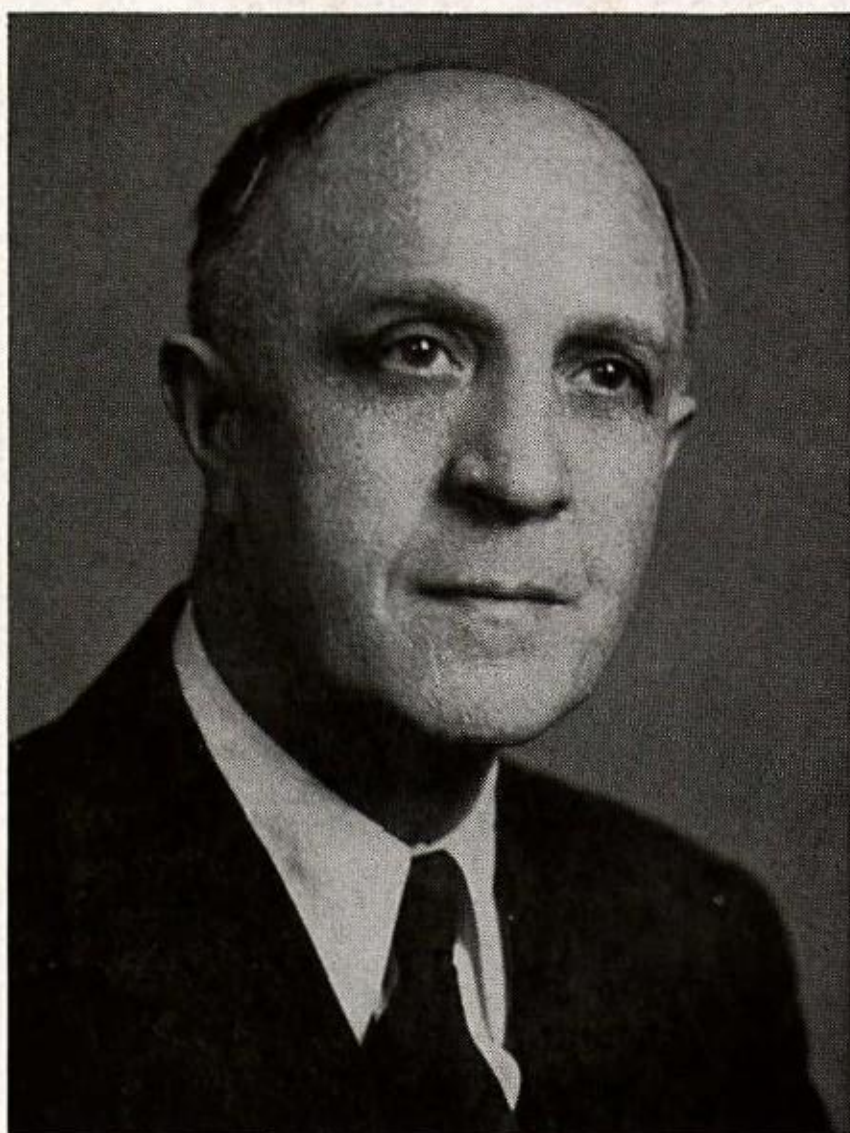

MISS ONI RILEY

DEDICATION

We of the Senior Class of '49 would like to show our appreciation to Miss Oni Riley and Miss Juanita Truitt for their cooperation and helpfulness through the years. Since they are the type of teachers with whom every student should have an acquaintance during his high school years, mere words cannot express the gratitude we would like to show. We hereby dedicate this Annual to them. Thank you again Miss Riley and Miss Truitt for your helping hand in guiding us through our high school careers.

SUPERINTENDENT

MR. J. A. CAYWOOD

If you would be happy, develop a loyalty for something outside of yourself.

A loyalty for the organization for which you work, your community, your church, your country.

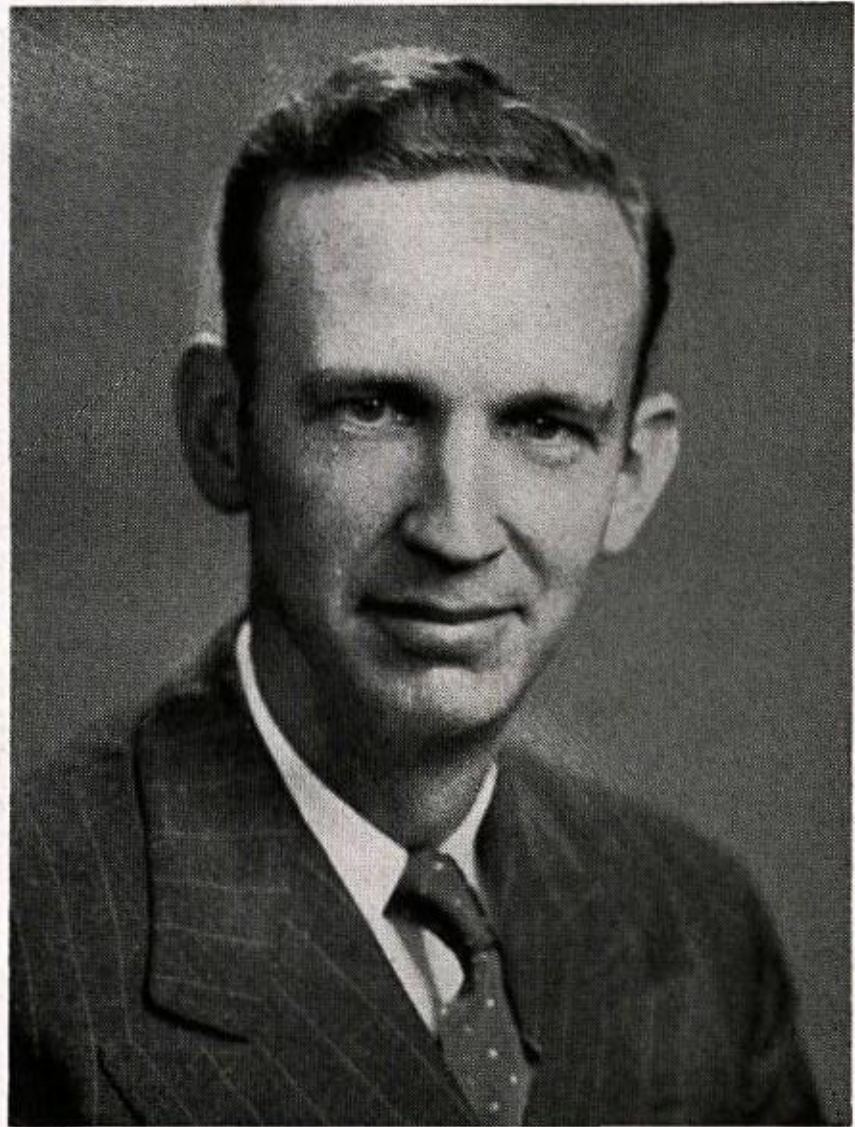

It is the only way you can find the secret of true happiness and contentment as you go through life.

MRS. MARGIE COMBS

The Class of 1949 entered Simon Kenton High in the waning days of World War II. This class was war conscious as is indicated by its motto, "Aim High, Shoot Straight, Hit the Mark." Your aim has become more efficient as the years have gone by. Your sight adjustments have been well made. Your shooting has improved with each round of firing until you have learned what it means to shoot straight. This continued aiming and firing have made it possible for you to hit the target—graduation, May 20, 1949. Now that you are graduating, reset your sights on higher targets of learning—college or growth out of school. Congratulations! May you continue to hit the mark.

HISTORY OF CLASS OF '49

GRADE NINE

In the year of 1945, 88 of us embarked upon a high school career. We had picked up George Meiman, Thomas Berkemeier, and Ellen Nelson. May of 1946 our "green" year was over, we had finished one-fourth of our high school education.

GRADE TEN

In September of 1946, the sophomores numbered 86. Betty Snape had come from Walton, Ellen Dumbacher from LaSalette, and Penny McNees from Morgan to join our blooming class. We lost one classmate, Betty Tattershall, who left us to go to another school. That year fourteen of our classmates found other desired places besides school. In May when the Seniors of '47 were graduating, we had just reached our half-way mark.

GRADE ELEVEN

As Juniors, 72 of us started in 1947 and "it won't be long until we get that much wanted diploma." Some other additions to our big family were Stanley Hager from Ludlow, Joan Kramer, and Lota Walter who proved to be our class Valedictorian. William Justice who had dropped back one grade was also with us. Three of the outstanding events of that year were: the Junior Class play, the Junior-Senior picnic and the Junior-Senior Prom. Now we were ready for our big year.

GRADE TWELVE

In September, 1948, 67 "dignified" seniors were well on the way in their high school days. We had lost Winona Turner as Mrs. Russell Coppage, Ellen Nelson, Betty Pitcher, and Billy Justice during the summer months. A short time after, we again embarked upon our school career; we lost JoAnn Moffett to be Mrs. Thomas Kerr. At Thanksgiving our class became smaller still when Carrie Easton as Mrs. Fairest Green showed her preference for married life above school. Since we had gained two new students, Joan DeVan and Norma Jean Easton, we had lost none in number. We were now immensely enjoying the privileges of a senior, when another of our girls, Audrey Burkhart, preferred the "Pots and Pans" instead of her dear school books. Graduation crept quickly upon us and at commencement we received those much awaited diplomas.

CLASS PROPHECY

It just doesn't seem possible that it was ten years ago today that our class graduated from Simon Kenton.

Since I had two weeks vacation, I thought I would look up those classmates I could find.

I went to the airport to start my trip by air. The pilot and co-pilot came in and they were . . . yes you guessed it . . . GERALDINE MULLINS and DONALD BRINKLEY. It seems that both their high school dreams came true.

We landed at Hollywood and because of bad weather we were grounded for an indefinite period of time, so we decided to go see the most talked about stage show of the season. We discovered that the star was JOAN DEVAN with DON FINNELL playing opposite her. The producer was CLIFFORD FISK. We were talking to Clifford after the show and he told us that DORA KIDWELL and JOAN KRAMER were to star in his next production.

Afterwards we went on a tour of the city. We noticed a lot of excitement and discovered the cause to be a parade of bathing beauties and you have no idea who Miss America was . . . none other than FLORA CRAWFORD. With the parade came some clowns which we recognized as THOMAS CAIN and OSCAR BREWER.

The next day we started off again and when we landed again ELLEN DUMBACHER and LOTA WALTER boarded the plane. They, like me, had decided to look up some old classmates. As we were exchanging news I found that ROBERT ARMSTRONG had joined the Army Air Force and had worked his way up to a captain. I also found that HARRY RUST now had his own jazz band and was really making good at it. JENNIE ROMES was playing the drums for him and AARON WAYMAN was another Benny Goodman on the clarinet. NORMA JEAN EASTON was their vocalist.

They also had heard from WANDA RUSSELL who was a nurse and was working with Dr. ELMER PRICE who is the famous psychiatrist. Working with them also was ROSMARY BINDER and MARCELLA McNEES.

As we were sitting there talking, we noticed a magazine with pictures that looked familiar. When we looked closer we found that MARY and WILLETTA HEIDEMAN were posing for the Toni Twin Ads.

We landed at the Cincinnati Airport and felt like we were almost home. When we got a taxi who should be the driver but JIMMY WILSON. He told us that DALE STEPHENS had hired JAMES PAYNE as his chauffeur and that they had traveled all over the world.

We also learned that PAUL SODEN was an electrical engineer and was doing quite well.

As we were traveling on home we noticed a lot of signs etc., announcing the operas that were to be put on at Independence and the star being MONA GUTTRIDGE and her publicity chairman was MATTHEW LINZ.

CLASS PROPHECY

Sunday morning we went to church and found the minister to be VIRGIL MANERS. At church we saw Mrs. Howard Stewart (formerly AUDREY BURKHART) with her husband and family. She told us that EMOGENE SCHLUETER and VIOLA NEWSPICKEL were planning to have a double wedding in June.

After church we saw JOAN APPEL coming down the street with a strange man. We found out that she and JACK GIBSON had been married and divorced and this man was her third husband.

She told us that FLORENCE ARMSTRONG was a jitterbug instructor for Kalan Dance Studios and that BETTY SNAPE was happily married.

As we were walking down the street, we found a beautician school operated by WANDA CROSS, ILA COLLINS, and LOIS BRIDGES.

We noticed that the Independence Weekly newspaper had an extra out and as we were looking through it, we found that NELLIE BARNETT was the editor and LUCY CROWDER was the artist. It was announcing the arrival of DOROTHY MASTERS, the lady wrestler champion and JACK ROSS the new heavy weight champion, since he K.O.'d Curly Kayoe, who were making a public appearance in Independence.

We also noticed in the paper that THOMAS BERKEMEIER was president of HILLS and that NORMA WORKS was a buyer at Penny's. BERNIE PARR has started a chain of general stores from one side of the country to the other.

We went in the Melody Inn for a soda, and the waitress was none other than WANDA WILLIAMS. She said PEARL SARGENT also worked there, but it was her day off.

She told us that BETTY TATTERSHALL and VERA TEBELMANN were operators at Independence and that ALMA LeMASTER was a private secretary to RICHARD COLCLOUGH, who was now running the Kenton County Motors.

It seems that the farmers of the country were celebrating when WILLIAM HEEGER came to town because he was a chemist and had discovered wonderful chemicals for the soil. The speaker for the group was RUSSELL McKINLEY. In the group of farmers who were meeting him were EDWIN JACKSON, WILLIAM GIBSON, HOWARD HUGHES, GEORGE MEIMAN and CHARLES B'HYMER.

We learned that a few of our classmates remained at SIMON KENTON, not as students but as teachers. DONALD ADRIAN is the science teacher, MARY BANKS is the dean of girls and has charge of the Girl Reserves. FRANCES FLYNN is the Home Ec. teacher, JACK GIBSON is dramatic director, and KENNETH MYERS and DAN HERMES are the coaches.

Since we have found out all about all our classmates, it is time to go back to work.

ACCOMPLISHMENTS OF THE 'FORTY-NINERS

SEPTEMBER

September 7, 1948, school opened with the reuniting of old and new friends.

September 14, the seniors held their first class meeting and elected the officers for the year.

September 27, the seniors again held a class meeting and ordered rings, pins, decided on the engravers, printers, and photographers for the annual, ordered calling cards and selected the type of invitations we wanted.

OCTOBER

October 4, the seniors were excused from school half a day to have their pictures taken at Pogues.

October 7, the photographers came to take individual pictures and, much to our sorrow, interrupted all our classes.

October 8, the seniors gave a skating party at Walton. More falls!

October 22, the juniors gave their class play called "DAMSEL'S IN DISTRESS."

October 27, the photographers came again to take pictures of clubs and class rooms and interrupted the classes all over again.

NOVEMBER

November 12, opened the basketball season with the playing and beating of Holy Cross.

November 24, the seniors gave a dance after the Butler basketball game which gave us the opportunity to celebrate our fourth straight winning.

November 25 and 26, we got out for Thanksgiving; to have turkey with all the trimmings. More stomach aches!

In November also we lost one of our class mates Carrie Easton, to become Mrs. Fairest Green. Jenny Romes became engaged.

DECEMBER

December 3, we lost one of our teachers, Mrs. Walter, because of sickness.

December 14, the FFA gave their annual Father and Son Banquet.

December 23, the holiday season at last has come and school has let out for Christmas and the New Year.

ADVICE TO FRESHMEN AND SOPHOMORES

Let your friends up in lunch line, those in back won't mind.

Run to catch your bus. It keeps the driver from having to wait.

Dash like mad into the bleachers at noon when you see Mr. Hinsdale coming down the hall.
You meant to go there anyway.

Write your own absence excuses. It develops good penmanship.

Make as much noise as possible in study hall. After all no one wants to study.

Don't forget to take Business English. It's fun to write letters to yourself.

Throw papers on the floors. It's lots of fun and it keeps the janitor busy. What's he paid for anyway?

Disobey teachers in class. It gives you a chance to spend your lunch hour with Dr. Clark.

Gallop through the halls. You need some recreation.

Walk on the gym floor with your shoes. Marks on the floor show that you are athletic.

Carve your initials on the desks. History mustn't forget you.

If you plan to marry before you graduate, get Dr. Clark's approval.

Ignore Miss Davis's long assignments. This saves her the trouble of checking papers.

Pop chewing gum loudly in class. It gains attention.

Argue frequently during classes. It proves that you have a mind of your own.

Stay home as often as possible. This will serve as an excuse for not having your lessons.

Be late for class. It gives you freedom from class to go get an excuse.

Complain about the food in the cafeteria. You need something to talk about.

Pitch waste paper into the waste can. This gives you practice in basketball.

Throw your books around. Torn pages show they have been used.

Copy your lessons from your friends. Too much thinking will wrack your brain.

PROM KING AND QUEEN

Dan Hermes and Norma Works presided as King and Queen of the Junior-Senior Prom on April 23, 1948, at Simon Kenton High School. Everyone enjoyed himself and danced to music provided by Cecil Young.

ACCOMPLISHMENTS OF THE 'FORTY-NINERS

(Continued from Page Thirty-Four)

JANUARY

January 3, and all were back to school with New Year's resolutions. Mr. Neill began his first day of teaching at Simon Kenton. Also we found that another senior had become engaged during Christmas . . . Betty Snape.

January 4, and school resumed to normal, as the resolutions were soon forgotten.

January 5, we were measured for our caps and gowns for that day to come in May.

January 10, we held another class meeting to learn that the Junior-Senior Prom was impossible to have this year.

January 13, our boxer, Jack Ross, boxed for the Golden Gloves on television.

January 13 and 14, we were kept to the grindstone by those awful semester tests.

FEBRUARY

February 1, Mr. Caywood's new car persisted in showing off and interrupting classes when the horn kept getting stuck.

February 10, Butler Brothers sponsored a free stage show for the community, plus some films.

In February we lost Audery Burkhardt to become Mrs. Howard Stewart. Emogene Schlueter and Viola Newspickel "got" engaged.

MARCH

March 1, 2, 3, 4, and 5, the 34th district Basketball Tournament was held at Simon Kenton in which Simon Kenton was awarded a runner-up trophy.

March 15, the alumni held a talent show in which anyone could participate.

March 25, we had a donkey basketball game.

APRIL

April 1 was April Fool's day and you couldn't believe a thing anyone said. Regardless of that, the FHA gave its annual Mother and Daughter Banquet.

April 7 and 8, the seniors gave their class play . . . "LITTLE MISS BOBBY SOX."

April 11, 12, and 13, the State Speech Festival was held.

April 21 and 22, we were terribly disappointed as we were let out for KEA.

MAY

May 6, the Math Club and the Beta Club gave their annual joint banquet.

May 7, the Junior-Senior Picnic was held at Coney Island.

May 13, school is about over as the seniors had Class Night.

May 15, Baccalaureate Night.

May 17 and 18, comes the final tests with second semester exams. "Worry, Worry."

May 20 has come at last, and we have our commencement exercises, and the tears.

APPRECIATION

The Annual Staff and Senior class wish to express their appreciation to all who have helped in the publication of this Annual.

We appreciate our contacts with the Advertisers Engraving, E. K. Smith Company, H. & S. Pogue, photographers, and Stark Printing Company for their ready and co-operative service.

Our advertisers have loyally supported this issue of THE PIONEER. We sincerely thank them for their patronage and urge you to support their businesses.

Many thanks to Dr. Paul B. Clark, sponsor of our Annual; Mr. Malvin Sebree for supervising the typing and handling the financial details of this yearbook; Mr. R. C. Hinsdale who supported us with the business connections and contacts; and the other members of the faculty for their ideas.
